

SF-5000NF Series

SINLOIHI COLOR SF-5000NF Series is a water-based fluorescent sub-micron pigment, and not containing Formaldehyde & Nonylphenol. SF-5000NF Series provides vivid colors and corresponds to inventory of each country.

■ Properties

Viscosity	SF-5012NF:9.0±2.0 mPa · s SF-5015NF:8.0±2.0 mPa · s Colors other than above:6.5±2.0 mPa · s
pH	SF-5012NF:6.5±1.0 colors other than above:6.0±1.0
Solid content	30±4%
Particle size	Ave panticle size under 0.11μm
Specifec gravity	1.04±0.02g/ml

■ Application

Water based marker pen ink, water-based stamp ink

■ Color availability

< Standard >

- SF-5012NF Green • SF-5013NF Red • SF-5014NF Orange • SF-5015NF Lemon Yellow
- SF-5017NF Pink • SF-5018NF Sky Blue • SF-5037NF Violet

< Special to order >

- SF-5038NF Deep Blue • SF-5047NF Magenta

■ Formulation example

- SF-5000NF Series:40~50%
- Glycerine:15%
- Water:35~45%
- Pesticide & Fangicide:Proper amout

■ Packing

25kg PE drum
